

# THE PaTTAN FAMILY RESOURCE GROUP IS HERE!

**All families of children who are deaf or hard of hearing (DHH), blind or visually impaired (BVI), or deafblind (DB) are invited to sign up!**

## ABOUT THE GROUP

The Family Resource Group shares monthly newsletters containing resources, upcoming event details, and community networks that support families. Signing up is an easy way for you to receive updates and take advantage of any available opportunities.

## THIS IS FOR YOU IF:

Your child has a hearing and/or vision concern and is preparing to transition from Early Intervention/Preschool into school-age services.

Your child is deaf/hard of hearing, blind/visually impaired, or deafblind and is already in school.

Your information will not be shared outside of the PaTTAN Initiatives. We do not need any identifying information about your child. Information will be grouped according to your area of interest (DHH, BVI, or DB), and you can unsubscribe at any time.

## WHY SIGN UP?

Up-to-date resources, opportunities, and connections sent directly to your family.

Increased access to what you and your child need for success in school and beyond.

Updates on the special education process and available supports across Pennsylvania.

Please pass this invitation on to any other families you may know who have a child with hearing and/or vision concerns, as well as school staff and medical professionals who can help spread the word.

**We want to reach all families across the Commonwealth of PA!**
