

K-2 Learning Institute: Building Foundations To Reach Every Learner

This interactive Learning Institute offers K-2 teachers the opportunity to explore, plan, and create strategies for inclusive, engaging classrooms. Together, we'll focus on advancing literacy, math, and behavioral success for every learner.

Outcomes

Enhance Instructional Practices:

Evidence-based strategies to advance literacy, math, and behavioral outcomes for all K-2 learners will be shared.

Promote Collaboration:

Planning time will be provided for general and special education teachers to network and design inclusive classroom environments.

Develop Tangible Resources:

Dedicated work time to create and refine tools, lesson plans, and interventions tailored to K-2 learners' needs will be included throughout the Institute.
